

WEST OAKVILLE PRESCHOOL CENTRE WEEKLY INDOOR PROGRAM PLAN

For the Week of: May 14 – 18, 2018

Group: Infant

This week's planned experiences are based on the following emerging interests and skill development:

Children have been showing interest in putting things "in" and taking things "out" (cause & effect) and show delight with different sounds they made when tapping on various items with a stick. Some increased mobility by "pulling up" on furniture and cruise toys. Children are starting to recognize birds on our outdoor walks and through the window. New vocabulary "bird", and point to bird pictures in books.
